

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR FORCE LIFE CYCLE MANAGEMENT CENTER
WRIGHT-PATTERSON AIR FORCE BASE OHIO

1 January 2020

MEMORANDUM FOR Mr. Tomonori Hieda
Heida Chemical Industries, CO., Ltd.
3-8-1 Tako, Tanabe-city
Wakayamaken 646-0028, Japan

FROM: AFLCMC/EZPT-CPCO
325 Richard Ray Blvd, Bldg 165, Room 13
Robins AFB, GA 31098

SUBJECT: Extension of Approval of Heida Chemical Industries, CO., Ltd. Type V Plastic Media

1. The Air Force Corrosion Prevention and Control Office has the responsibility for maintaining the list of qualified suppliers conforming to MIL-DTL-85891B under a joint Memorandum of Agreement with all federal organizations. In anticipation of completion of first article testing per MIL-DTL-85891B, our office is extending the approval of the current list of qualified suppliers to June 2020.
2. In the interim, this letter is provided to Heida Chemical Industries, CO., Ltd. to indicate that their Type V engineered media has passed the MIL-DTL-85891B first article testing (completed July 2014), and is **approved** for use until **June 2020** unless removed earlier for non-conformance. At that time, results for current ongoing MIL-DTL-85891B qualification testing will be made available to Heida Chemical Industries, CO., Ltd. and the US Government for determination of conformance or failure. Conformance will allow addition to the MIL-DTL-85891B Qualified Products Database (QPD). Failure to qualify will be sufficient justification for removal from T.O. 1-1-8 and/or the MIL-DTL-85891B QPD. Our office has forwarded your extension to the MIL-P-85891A list of qualified suppliers by email to the General Services Administration with the same date as your letter.
3. Should you have questions or require additional information, please contact our POCs Mr. Jarquees Williams, AFLCMC/EZPT-CPCO, Comm (478) 926-5602, DSN 497-5602, email jarquees.williams@us.af.mil or Ms. Lindsay Davis, On-Site Support Contractor, Comm (478) 926-7648, DSN 468-7648, email lindsay.davis.4.ctr@us.af.mil.
